Molding and Moldmaking Take Center Stage

Following a year off that allowed us to reflect on industry trends and reposition the show with a sharper focus on injection molding and mold manufacturing, **PTXPO 2025** was a resounding success. Attendees returned with renewed energy and purpose, ready to engage with exhibitors and explore the latest and greatest in machinery and other technology solutions.

The updated format affirmed PTXPO's role as a must-attend event for professionals across the molding and moldmaking industries. The progress and goodwill garnered further boosts the momentum for the next chapter—**PTXPO 2026**.

COMPLETE NORTH AMERICAN REPRESENTATION

INTERNATIONAL DRAW

Besides the thousands of North American buyers, plastics processors from an additional **41 global countries** made PTXPO a priority, including large groups of guests from Germany, India, Taiwan and the Netherlands.

PURCHASING *magnitude*

PTXPO attendees are eager to explore, evaluate and invest in equipment and material solutions for all aspects of molding and moldmaking, from design to production.

PURCHASING INTENT

Attendees arrive at PTXPO with set goals in mind and are serious about making decisions. **95% of buyers intend to invest in products and services in 2025** within the next year and rely on PTXPO exhibitors to display the best available.

PURCHASING INFLUENCE

More than **87% of all attendees** have the authority to be actively involved in the buying process.

SERVICES EVALUATED

- Plastics Processing - Injection Molding
- Automation / Systems Integration
- Moldmaking Services
- Plastics Processing - Other
- Mold Repair / Maintenance
- Design & Engineering Services
- Inspection, Measurement and Testing
- Prototyping Service, including 3D Printing
- Equipment Repair / Maintenance
- Recycling and Scrap Reclaim
- Other

HIGH-INTEREST PRODUCTS*

30%+

- Injection Molding Machines
- Automation / Robotics
- Mold / Tool / Die Services
- Mold Components
- Mold Repair / Maintenance

20%+

- 3DP / Additive Manufacturing
- Hot Runners
- Inspection, Measurement and Testing
- Mold Materials
- Machine Tools / Centers
- Process Heating / Cooling
- Resins and Additives
- Resin Blending / Drying / Feeding

10%+

- CAD / CAM
- Business & Info Services
- Cutting Tools and Toolholders
- EDM
- Plastic Welding
- Simulation Software
